Memorials

Approved memorials for use at Chestnut Lodge Also available for home use

The following pages show examples of the memorials we are able to help you organise. We have used pictures of existing memorials in the Cemetery to illustrate the different types. You are welcome to look round the Cemetery to help make your decision.

The prices quoted include delivery & installation at Chestnut Lodge Pet Cemetery. The price shown is for the base memorial only, all engraving is extra & is charged per letter. Engraving costs are listed with each item. We will design a proof & quote to meet your specifications, when you are happy with the design & lettering, we require a 75% deposit & will submit your request to the stonemason.

Delivery times:

Style 8 :

Made here at Chestnut Lodge & will be ready within 7 days of order. These are not suitable for use in the formal area.

Style 1:

These are pre-cut plaques, so only need to be engraved. Our Stonemason normally has these ready in 4-6 weeks.

Styles 2—7:

The wait times for these varies wildly, as it is governed by the availability of the marble or granite to the Stonemason at the time. We normally receive them in around **8 months** from the date of submission to the Stonemason. You may feel this is a long time to leave the plot with only a temporary grave marker, but it is a sensible period to allow the grave to settle after the burial, helping to ensure your memorial looks at its best for many years.

The Cemetery here at Chestnut Lodge is in a beautiful woodland setting. However, this does mean marble memorials will need regular cleaning to keep them in good condition. This is not included in your Annual Maintenance fees.

Prices quoted are correct at time of printing, but may be subject to change.

Not suitable for burial plots at Chestnut Lodge

Gold with black lettering (pictured)

£36.00

Silver with black lettering

£36.00

Photo Plaques:

Your chosen photos are put on to porcelain & fired in a kiln. They have a lifetime guarantee against fading. Work can be done to alter the image slightly & remove backgrounds if required. The end result does depend on the quality of the original photograph. Colour can sometimes alter slightly during the firing process.
